### **Green Office Plastic Bag Diet Program in Sentra Timur Residence**

In order to celebrate EARTH DAY April 22, 2017 and in an effort to implement Bakrieland Goes Green (BGG) program, especially Green Attitude on the Environment pillar, PT. Bakrieland Development Tbk (Bakrieland) do the Green Office Diet Plastic Bag on various Bakrieland properties. After the program was conducted at Bakrieland's headquarters on April 20, 2017, the program was also held at PT. Bakrie Pangripta Loka (BPL), one of the Bakrieland Business Unit managing Sentra Timur Residence (STR), is a property project in cooperation with Perumnas located in the integrated area of Sentra Timur Superblock.

The form of the program is to distribute environmentally friendly bags to employees of PT. Bakrie Pangripta Loka (BPL), based in Sentra Timur Residence and Cimanggis property project. Represented BPL employees, bags distributed to employees of Sales & Marketing, Finance & Accounting and Human Capital. Bakrieland choose BPL an effort to spread eco-friendly spirit which starts from its employees. It is expected that this spirit can be transmitted by BPL employees to all stakeholders, especially the residents of the Sentra Timur Residence apartment which reaches more than 1800s Head of Family.

The program, launched last year by Bakrieland, is the Company's effort to help reduce the waste problem in Indonesia which annually generates 5.4 million tons of plastic waste and begins to participate along with other companies to educate people to start avoiding the use of plastics.
