

## **EARTH DAY Celebration at Krakatoa Nirwana Resort Lampung**

In order to celebrate EARTH DAY which falls on the 22nd of April 2019, PT. Krakatoa Lampung Tourism Development (KLTD) as one of PT Bakrieland Development Tbk (Bakrieland)'s Business Units that manages the Krakatoa Nirwana Resort (KNR) area, conducted a tree planting activity with the local nature lover community at Lampung.

Trees that are planted this time are Stigi trees. These trees are known to be typical coastal plants that are rare and are protected by the government. With these trees that grow up to 4-10 meters along with dense leaves and a strong root, this tree can be used as a region shade and to protect the beach from ocean water. Representing KLTD was Mr. Dwi Prasetyo as General Manager of the KNR area.

For Bakrieland, this is one of the activities implemented to build Corporate Sustainability through the "It's About the People" pillar, mainly about building community development in the education sector.
