## Blood Donation at The Grove Suites

At the end of April 2019, The Grove Suites as one of the properties managed by subsidiary, PT. Bakrie Swasakti Utama (BSU), that is located at Rasuna Epicentrum area and is one of PT Bakrieland Development Tbk (Bakrieland)'s featured products, held a Blood Donation program working together with the Bakrie Amanah Foundation (YBA) and Palang Merah Indonesia (PMI). The event that was open for public was held at The Grove Suites' meeting room and around 100 or more people

participated in this blood donation program.

“The blood donation event has been held twice already and is part of The Grove Suites' CSR. The number of donors who participated in this event this time has increased from last year. We hope that we can hold this event again in the near future because donating blood can help for not only those who need it the most but also produce new blood cells and develop to be even healthier at the same time for donors,” said Mr. Freddy Triono, General Manager of The Grove Suites.

For Bakrieland, this activity is an implementation of Corporate Sustainability on “It's About the People” pillar, specifically on the development of local communities in the health field.
