

## Children's Potential & Talent Development Program at JBound Bogor

As a series of activities for the development of Children's Potential & Talent Development (PPBA) which is the initiation of a community empowerment program carried out by the Bakrie Group (KUB) and Bakrie Amanah Foundation (YBA) which aims to foster children to be intelligent in science, spiritual and emotional, finally on 26 June 2022, all students in events which held at the JBound Bogor educational facility.

The visit to JBound with the theme "Healing With Qur'an" was carried out to invite children to practice cooperation through various educational games. They also learning to love the nature by inviting them to feed the deer in JBound. Prior to the visit, to practice spirituality, the children received material from the Qur'an and on various occasions it was memorized. This is done to train all children's intelligence in one activity.

This activity is the result of a collaboration between YBA and PT Graha Andrasentra Propertindo Tbk (GAP), a subsidiary of PT. Bakrieland Development Tbk (Bakrieland), which manages the Bogor Nirwana Residence area where JBound is located.

For Bakrieland, this activity in an implementation of Corporate Sustainability on "It's About the People" pillar, specifically on the development of local communities in the religion field.
