

## Bakrieland Volunteers Provide Social Assistance for Employees Affected by the Cianjur Disaster

On 21 November 2022, an earthquake hit West Java, or what is known as the Cianjur earthquake, with a magnitude of 5.6. The number of victims who died within a few days after the incident reportedly reached more than 200 people. Meanwhile, 25 people were missing, 377 were injured, and 13,000 were displaced. The Bakrie Business Group (KUB), including the Bakrieland Group, and Bakrie for the Country (BUN) are jointly helping affected communities.

Especially for Bakrieland Group employees, there were 5 employees who were affected by this disaster, all of whom experienced property losses, and one family member died. Therefore, the employees of the Bakrieland Group, or "Bakrieland Volunteers," and the company provide social assistance in the form of cash to affected employees so they can participate in alleviating the burden they feel.

*Bapak Erry Zul Amri (Direktur Jasa Boga Raya), representing the Bakrieland Group, provided social assistance to affected employees.*
