

The Grove Suites Celebrates Anniversary by Implementing CSR Program

To celebrate its 10th anniversary, The Grove Suites employees celebrated a series of CSR programs, such as visiting nursing homes and playing with children under bridges to share happiness for The Grove Suites' various achievements.

The first program was carried out by visiting the Karya Kasih nursing home in Kwitang. Also present was Mr. Berri Naurika as General Manager of The Grove Suites. The excitement of the event was felt with various events of togetherness and collaboration between employees and the residents of the home. Next, the employees visited Rumah Pelangi Nusantara in Rawamangun, which houses children living under bridges. The arrival of employees was greeted with joy by the children, with the event being carried out even more lively with exciting games involving children and employees.

For Bakrieland, this activity is an implementation of Corporate Sustainability on "It's About the People" pillar, specifically on the development of local communities in the health field.
