CSR In-Kind Donation Program
At Bogor Nirwana Residence

Following its successful implementation in the Rasuna Epicentrum area and at Wisma Bakrie in Jakarta, Bakrieland Group's *In-Kind Donation CSR Program* has now expanded to Bogor. In collaboration with BAZNAS, Bakrie Amanah, and Roosniah Al-Achmad Mosque, Bakrieland Group invites the community, particularly residents around Bogor Nirwana Residence, to donate pre-loved items in good condition. The donated items will be used to generate capital to support micro, small, and medium enterprises (MSMEs) under the program's mentorship.

The launch event was attended by Mr. Firman from Bakrieland, accompanied by Mr. Firman Taurfik Setiawan from BAZNAS and Koh Denis Lim. During the event, a formal handover was conducted with the management of Roosniah Al-Achmad Mosque to enable the program to commence operations.

For Bakrieland, this initiative represents a tangible effort to advance its *Corporate Sustainability* agenda under the *"It's About the People"* pillar, particularly in supporting community development through environmental initiatives.
